RECEIVED
DATE: 9/n TIME: 2:28

Dear Director Libang,

Environmental Greetings!

This pertains to the recently concluded Risk Resiliency Program – Technical Working Group (RRP-TWG) meeting held on September 15, 2025 (Monday, 8:00 AM) at Amarah Hotel, J. Rosales Avenue, Butuan City.

One of the key agenda items discussed during the meeting was the presentation of the updated Resilience Roadmaps and Investment Portfolios for Risk Resilience (IPRR) for the Province of Surigao del Sur (copy attached). The presentation was anchored on the landscape approach, highlighting key resilience gaps, constraints, and issues that need to be addressed. It also included sub-project descriptions, target metrics (e.g., hectare, kilometer, household, municipality, etc.), lead and partner implementing agencies, estimated project costs, and proposed funding sources (national vs. local).

During the discussions, various agencies provided comments and suggestions to further enhance the IPRR. One of the key recommendations raised was the inclusion of each agency's enrolled RRP menu of activities to align planning and implementation efforts.

In this regard, may we respectfully request your agency's enrolled RRP menu of activities for the three (3) climate-vulnerable provinces (Surigao del Norte, Surigao del Sur and Dinagat Islands).

Your prompt submission of the desired information will be highly appreciated considering that the IPRRs of the Provincial LGUs shall be finalized within October, 2025. This will greatly support the consolidation and enhancement of the Resilience Roadmaps and IPRR for the said provinces.

Should you have any queries and further clarification, please feel free to contact Forester Jennifer R. Abucejo, Climate Change Focal Person of DENR Caraga Region through this cell phone number 09122346437.

Hoping for positive response on the matter. Thank you and more power.

Sincerely,

ATTY. REDEMTOR A. OJA
